

Easy way to install with module separation structure

■ **Easy position setting by a magnet** : With magnetic attachable design and 3-axis, the angle of 4 cameras can be easily repositioned as desired. The aesthetic design enables the product to be deployed harmoniously in any installation environment so that discreet surveillance is possible without drawing people's attention.

■ **Replaceable camera module**: It is easily replaceable with a suitable lens whenever necessary.

- 2.8 mm : F1.8, 95°(H)x55°(V)
- 4 mm : F2.0, 81°(H)x43°(V)
- 6 mm : F2.0, 51°(H)x29°(V)
- 8 mm : F2.0, 39°(H)x22°(V)
