

**PS-1621A**  
16 Output 200vA  
Model Shown

## FEATURES

PS Series power supplies offer an installer-friendly solution for powering 4-, 8-, or 16-camera CCTV systems. The power supplies have an input of 115 VAC. They are UL listed and housed in a metal enclosure.

- Outputs for 4, 8, or 16 Cameras (4-8 Amps supply current)
- Individually-fused 24VAC outputs
- Surge-protected outputs
- AC Power LED indicator with Power On/Off switch
- Units maintain camera synchronization
- Individual LEDs for each output
- Easy-to-find, automotive-style fuses
- Enclosure dimensions: 9.96" x 8.66" x 4.53" (HxWxD)
